About Us

Onephase Group is a diversified solutions provider specializing in Mining, Equipment Supplies, Petroleum, and Gas Services. With a commitment to excellence, innovation, and sustainability, we provide world-class products and services tailored to meet the growing demands of industries across Southern Africa. Our focus is to deliver reliable, efficient, and cost-effective solutions while maintaining the highest standards of safety and environmental responsibility.

Financial Standing

Onephase Group maintains a strong financial foundation supported by sustainable growth and sound management practices.

Our diversified portfolio in Mining, Petroleum, Gas, and Equipment Supplies ensures stable revenue streams and long-term resilience.

We have established solid relationships with financial institutions, suppliers, and stakeholders , giving us the capacity to undertake large-scale projects and deliver on commitments.

Our financial management approach emphasizes:

Our Commitments

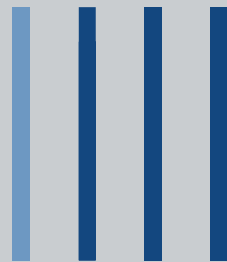

Our Commitment Reliability – Delivering products and services that meet and exceed expectations.

Safety – Upholding the highest health, safety, and environmental standards.

Innovation – Continuously improving operations and adopting modern technologies.

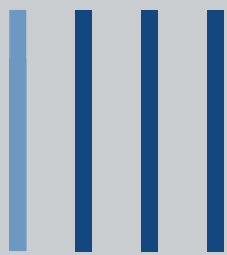

Sustainability – Driving growth responsibly while minimizing environmental impact.

VISION

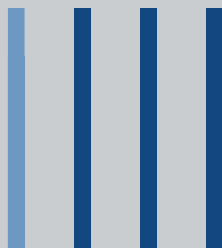

To be a leading integrated solutions provider in mining, energy, and industrial supplies across Africa

MISSION

To empower industries with reliable resources, advanced equipment, and sustainable energy solutions, fostering economic growth and development.

VALUES

Integrity

Safety

Sustainability

Service Divisions

MINING

We are engaged in mining operations and project development, providing expertise in exploration, extraction, and production. Our team is equipped with technical knowledge and operational experience to deliver efficient and sustainable mining solutions.

MINING EQUIPMENT SUPPLIES

We supply a wide range of mining equipment and spare parts, including heavy-duty machinery, drilling tools, and safety gear. By partnering with reputable global manufacturers, we ensure that our clients receive durable, high-performance equipment to optimize operations.

Mining, Mining Supplies, Energy, Petroleum and Gas

PETROLEUM

We provide bulk fuel supplies to meet industrial, commercial, and retail needs.

Our product range includes:

- Diesel
- Unleaded Petrol
- Jet Fuel

GAS SUPPLY & SERVICES

Our gas division supplies industrial and domestic gases, ensuring reliable and safe distribution.

We cater to diverse sectors, including manufacturing, energy, and healthcare, with a commitment to safety and compliance.

- Diesel
- Petrol
- Paraffin
- Heavy Fuel Oil (HFO)
- Liquefied Petroleum Gas (LPG)
- Gases and Gas Mixtures
- Jet Fuel
- Aviation Gasoline
- Bitumen

Mining, Mining Supplies, Energy, Petroleum and Gas

Other Divisions

■ Logistics

Modern, competitively-priced fuel transportation service and other related products

GEARED TO GO

■ Infrastructure

On-site petroleum depot and storage solutions to clients who place a premium on exceptional performance.

TO OPTIMISE OPERATIONS

■ Lubricants

Premium, high-tech oils lubricants and speciality products for a range of machinery

FOR ANY INDUSTRY

Geographical Footprint

Onephase Group operates with a strategic presence across the Southern African Development Community (SADC) region and maintains partnerships that extend our reach to the global market.

SADC Region

Our operations and supply network are well established within the SADC region, giving us the capacity to serve clients in:

South Africa – Head office and primary operational hub

Zambia – Mining and equipment supply support

Botswana & Namibia – Petroleum and gas distribution corridors

Mozambique & Tanzania – Energy and logistics partnerships

Zimbabwe, DRC & Angola – Mining and petroleum supply networks

This regional footprint allows us to meet the growing demand for mining, petroleum, and gas services with efficiency and reliability.

Global Reach

Through international supplier partnerships and strategic alliances,

Onephase Group sources and delivers high-quality products from global markets. Our access to world-class equipment manufacturers, petroleum refiners, and gas producers ensures that we remain competitive and can bring international standards to local industries.

We continue to strengthen our global presence by expanding into new markets, engaging in cross-border collaborations, and aligning with international best practices.

Our Company

Principles

Along with our comprehensive market knowledge, we have established a support framework of industry professionals and risk management systems, laying the groundwork for successful operations.

We assist clients in identifying options that optimise benefit and reduce risk. We add value to transactions ensuring that projects/ materials' delivery are executed in a safe and timely

manner within regulatory frameworks. We move raw materials from mines to the market, we provide expertise at every stage to enable commercial opportunities while mitigating risk.

Onephase Group represents your interests as your agent. We collaborate directly with producers / buyers and offer advice on commercial tactics and pricing based on our vast knowledge of the products and consumer markets.

Our business principles are centred around integrity, reliability, independence and authority.

Contact Information

Due to our extensive networks and knowledge of the various components of the commodities supply chain, we are able to achieve low-risk, high-efficiency results.
